Examiner's Detailed Office Action

1. Claims 1-63 are allowed.

REASONS FOR ALLOWANCE

2. The following is an Examiner's statement for reasons for allowance:
3. The closest prior art *Fant et al.* (USPN 5,805,461) & *Zadik et al.* (USPN 6,003,021) does not teach or render obvious applicant's claimed invention. In particular, as pointed out below, the prior art lacks certain features and the combination as specified in the respective claims.
4. With regards to claim 1 *Fant et al.* & *Zadik et al.* do not disclose first logic to facilitate user specification of the problem to populate a problem statement structure; second logic to facilitate user specification of a conclusion, related to the problem specification, to populate a conclusion statement structure; third logic to facilitate user creation and specification of knowledge, related to at least one of the problem specification and the conclusion specification, to populate a knowledge structure; control logic to persuade user interaction with the first through third logic to a sequence of interactions within a predefined set of interaction sequences, wherein the predefined set of interactions define an archetype process for user thinking about the pro-
